

ASSUMPTION-ST. BRIDGET SCHOOL
STUDENT SUPPLY LIST GRADE 5
2018-2019

Please Purchase at: OFFICE DEPOT they give 5% back to ASB! - School ID# 70107348

Recognizing that the same organizational system does not work for all students, we'd like you to take some time to think about your own approach to organization. Which of these systems seems like the best match for you? Whichever system you choose, it needs to provide places for you to keep a supply of loose-leaf paper as well as these items for each subject:

1. Handouts and other papers that need to be saved
2. Completed homework that has been graded and returned to you
3. Homework that needs to be turned in

Option 1 (5th grade teachers favorite)	Option 2 (only for highly organized students)
An accordion file (File-o-Flex) with tabs for each subject	A 3-ring binder (or Trapper-Keeper) with dividers for each subject

Decide which system will work best for you, and purchase only the materials that you will need for that system. Whichever system you choose, you will also need these materials. Label all supplies with your name.
